

OUR MISSION

At Lovenheim Pediatrics, we believe in providing comprehensive care that examines your child's emotional, behavioral, and physical states to promote health and treat illness.

We promise to acknowledge your concerns, share your goals, and work every day to sustain the privilege of being a partner in your child's development and wellness because the health of a child is essential to the health of a family.

AT LOVENHEIM PEDIATRICS

All of our pediatricians are board certified diplomats of the American Academy of Pediatrics. They have trained in major university medical centers and are constantly continuing their medical educations. If you desire additional biographical information, please visit us on our website.

Our office is open daily to assist you with selection of health plans and to expedite insurance and referral issues.

Office hours are by appointment including evenings and every Saturday for the convenience of working parents. It is our policy to see acutely ill children same day. If you suspect that your child should be isolated in a separate waiting room, kindly let us know when you call to schedule the appointment. If you wish to speak with a doctor, please leave your name and number with the front desk.

After hours coverage for emergencies is provided by our doctors through our answering service at **973.854.3944**.

We also offer adolescent medical services and are glad to accept new patients up till the age of 18. Our care is completely comprehensive and confidential. We also have separate examining rooms.

SPECIAL SERVICES

In addition to the general care and treatment of children from birth through adolescence, Lovenheim Pediatrics offers a wealth of special services for a variety of situations faced by parents, including:

- New Parent Preparation Classes
- Prenatal Introductory Consultations
- Lactation Support Services
- Newborn Exams & Nursery Rounds
- Discharge Instructions
- Behavioral Evaluations
- Developmental & Environmental Consultations
- Confidential Adolescent Care
- Second Opinion Consultations & Referrals

ADDITIONAL SERVICES

We offer consultations for parents to address concerns such as growth, development, autism screening, vaccines, and nutrition.

Behavioral evaluations to deal with sleep disturbances, child care, discipline and school issues.

Maintaining a directory of local and regional pediatric sub-specialists for referral.

Full privileges at both Saint Barnabas and Overlook Hospitals.

Second opinion consultation for complex problems.
