We love Dana because she is patient, kind, and caring. Dana has an extraordinary amount of knowledge about OT and sensory needs in particular. We are confident she has our son's best needs in mind and that she truly cares about his success. She always has creative ideas and ALWAYS has time to explain things and discuss our son's needs. She is the best!

Dr. Hall has been everything that we, as first-time parents, could want, answering all our novice questions and promptly returning our calls of concern. The additional services/amenities she offers (CPR classes, ear piercing, kids playroom/library) are a welcome bonus and her friendly staff makes every visit enjoyable for Mom, Dad, and Baby!

She's a wonderful speech therapist who has helped my son grow by leaps and bounds. She's warm, enthusiastic, and energetic. My son begs to go to speech school every week. Dr. Zimmerman makes learning fun!

**William Warren, DDS • Montclair
Pediatric Dentist**

When my daughter was 4 years old, I could not find a pediatric dentist that would work on her teeth because she yelled and screamed. I was referred to Dr. Warren and he was very patient and understanding. She is now 11 years old and my oldest daughter also goes to him. His assistant Vicki is great. Very positive and has a great personality with each patient.

—Sharon, Montclair

**Shari Summers, DMD • Livingston
Pediatric Dentist**

Shari has been treating my kids since they were toddlers. They both started as nervous dental patients, and now they have absolutely no problems going to the dentist for any type of work. My daughter loves going so much that she constantly talks about becoming a dentist when she grows up. Thanks, Dr. Shari.

—Hallie, Livingston

**Kari Shron, MS, CCC-SLP • Livingston
Speech Therapist**

Metropolitan Speech feels like a family. Everyone is so caring and treats us like a top priority. My daughter loves to come and work with Miss Kari even after a long day of school. We are almost reaching our goals.

—Kathy, East Hanover

**Davia Strachan, DDS • South Orange
Pediatric Dentist**

I absolutely hate going to the dentist, but Dr. Strachan and her staff have made sure my kids won't have the same issues as I do. She and her staff are friendly, patient, and caring. My 3 year old declares that she is not afraid to go to the dentist and has even offered to hold my hand at my next appointment.

—Lisa, Scotch Plains

**Tovah Segelman, MS, CCC-SLP • Summit
Speech Therapist**

Tovah has treated our daughter for issues relating to literacy and writing. She is wonderful with her. She contacts her teachers to coordinate efforts weekly and make all her lessons relevant to her school work. Julia has made exceptional gains this year...we feel it is due to Tovah's level of expertise and commitment.

—John, Chatham

**M. Isabel Roberti, MD • Livingston
Pediatric Nephrologist**

She helped save my son's life. She was with us through thick and thin, from the moment my son was diagnosed until he aged out of her service. Dr. Roberto has compassion—she really cares about her patients and that, to me, is one of the most important aspects to us. If there was a problem, we felt secure in knowing she would get to the bottom of it without having us worry. We will always be grateful Dr. Roberto was a part of our lives.

—Lori, Nutley

**Randi Stylman, MS, CCC-SLP • Livingston

Randi is willing to work with my child through all the tough times and doesn't give up on him, and I appreciate that greatly.
